REPORT ON "My Story – Entrepreneur's Life & Crossroad"

The Institute Innovation Council (IIC) organized a lecture on "My Story – Entrepreneur's Life and Crossroad" on 17.09.2019 to the cell members. Mr.S.Madan Raj, Proprietor, Raj Steels and Cements, Sivakasi was the resource person. In his lecture, he shared the hurdles and difficulties he crossed in becoming an Entrepreneur. He insisted that students have to give more importance to gain practical knowledge through Internships and Project Works during their Engineering Course to become a successful Entrepreneur. He also insisted that Marketing plays a major role to attract the customers and to improve business. Students enthusiastically interacted with him and one of the students asked if he could include IoT concept in the construction of homes. The resource person explained about the ways in which innovative ideas can be incorporated in constructions. The meeting ended with Vote of Thanks from Mr.M.S.Kalyana Sundaram, AP/EEE, Convener of IIC.

Circular

Our institution has been approved to set up Institutions Innovation Council (IIC) by MHRD's Innovation Cell and AICTE. Innovation and Entrepreneurship promotion and support programs will be organized in the campus round the year through IIC. This will promote learning and practicing innovation and entrepreneurship among student and faculty community. IIC is faculty led but student centric body formed by the institute to provide platform to encourage, inspire and nurture young students by exposing them to new ideas resulting in innovative activities. Currently, there exists more than 950 IICs in institutes across India. Workshops on Entrepreneurship, Innovation, Intellectual Property Rights (IPR), Problem Solving, and Visit to Design Centre will be organized through IIC. Also, students will be engaged and guided for internships and product design at Innovation & Start-up Centre during semester break.

In this regard, to constitute the council, interested students are requested to register their names to the concerned faculty under the following titles on or before 16.9.2019.

Technical Project expo  
**TECHNO FEST - 2019**  
on  
**22-3-2019**

Innovation, Incubation and IPR centres of AACET organized an intra-college Technical Project Expo on March 22, 2019. Final year students from various departments participated in this event and exposed their technical project. A sum of 64 technical projects were exhibited by the students. The innovative projects from each department were selected as the best project. All the students of AACET were visited the projects and they inspired by the recent innovative technologies utilized by our final year students. This project expo encouraged the students of AACET by answering the dilemmas, How to develop a project? How to incorporate new innovations in project? This Project expo also makes a pathway to the students to parade their innovative ideas for the usefulness of the society.

AAA College of Engineering and Technology, Sivakasi is one among the renowned colleges for technical education in the state of Tamilnadu. It is branded for its quality education, promoted by Sony-Vinayaga group of Industries. Aspire, Attain, Achieve is its motto. The college is managed by Panjurajan- Amaraathy trust is located at Thiruthangal, Virudhunagar District. Our college has received the Best Infrastructure Award from Dr. K. Rosaiah, the former Governor of Tamilnadu. The college has signed MoU with leading industries like BSNL and Bosch. Also, the college is equipped with robotics laboratory “e-Yantra” which is supported by IIT, Bombay. The primary aim of our college is to provide quality education in engineering for the rural based students.

#### ABOUT THE DEPARTMENT

The Department of Electrical and Electronics Engineering has been structured in terms of experienced faculties and full-fledged laboratory facilities. Every year the department organizes various workshops, symposium, guest lectures and value-added courses for the welfare of the students. It will equip the students with knowledge of cutting-edge technologies and give them adequate hands-on experience. The department motivates the students to do innovative projects in industry and to attend seminars, workshops and conferences.

## ABOUT THE WORKSHOP

Traditionally an activity limited to pen and paper, the expansion of technology has enabled journaling to go digital. Journaling is one of the most useful personal development tools around. This workshop focuses to employ modern tools for writing journal, article and conference papers. This workshop covers hands on exercise on Microsoft Equation Editor, Microsoft Visio, LaTeX, Plagiarism checking etc.

Microsoft Equation Editor is most desirable tool for writing scientific equations and formulae. Microsoft Visio has enormous features for drafting diagrams like electrical diagrams, block diagrams, 3D diagrams, flow charts, charts and maps. LaTeX is a document preparation system. It is widely used in academia for the communication and publication of research documents in journals, conferences and thesis writing. This workshop also covers the needs of modern tools for spell check, grammar check and plagiarism check. This program will motivate the participants to engage with their research activities using modern tools.

## RESOURCE PERSONS

Experts in research from academic institutions will handle the workshop.

## ACCOMMODATION

Lunch will be provided for all participants. Accommodation will be provided on request of participants at a nominal cost.

## TOPICS TO BE COVERED

- ❖ Introduction to Journal writing
- ❖ Word processing
- ❖ Working with Equation Editor
- ❖ Hands on Training on MS Visio
