STUDENT INDUCTION PROGRAMME FOR NEW STUDENTS

OBJECTIVE

The objectives of the programme is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature. The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development.

The following major activities under the induction programme in which the students would be fully engaged throughout the day for the entire duration of programme, this includes:

- Physical activity: This would involve a daily routine of physical activity with games and sports including yoga which will help them to develop team spirit.
- Creative arts: Every student would choose one skill related to arts either visual arts or performing arts such as painting, dancing street play, music etc.
- Universal human values: It gets the student to explore on self and allows one to experience the joy of learning stand up to peer pressure, take decisions with courage etc.
- Literary: Literary activities would encompass reading, writing, debating and enacting a play.
- Lectures by Eminent People: Lectures by eminent people which would give the students a good exposure to people who are socially active or in public domain.
- Visits to local area: This would familiarize them with the area as well as expose them to the outer world.
