STUDENT INDUCTION PROGRAMME FOR NEW STUDENTS

OBJECTIVE

The objectives of the programme is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine. It helps new students for inculcating in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration. Induction provides new starters with important information regarding their new institution. The induction process serves to welcome new hires to the studies and help them transition into their new role; enabling new students to feel supported while they adjust.

The following major activities under the induction programme in which the students would be fully engaged throughout the day for the entire duration of programme, this includes:

- Physical activity: Students are physically active tend to have better grades, college attendance, cognitive performance and classroom behaviors.
- Creative arts: It develops the skills of creative problem-solving and improves students' physical and emotional health.
- Universal human values: It helps students develop self-awareness, emotional intelligence, and social skills that are needed to succeed in today's society. It facilitates understanding through self-exploration.
- Literary: Literary activities are helped with the study, reading, and writing of content related to literature or language.
- Lectures by Eminent People: Lectures are best suited for helping students make connections with factual knowledge. Good lectures model expert thinking, tell good stories, and share experiences that provide context and insight.
- Visits to local area: This would familiarize them with the area as well as expose them to the outer world.
